Notes to the Condensed Interim Financial Statements

September 30, 2022

(Expressed in Canadian Dollars)

(Unaudited)

1. General Business Description

Chibougamau Independent Mines Inc. (the "Corporation", "CIM") was incorporated under the Canada Business Corporations Act on December 13, 2010, as a wholly-owned subsidiary of Globex Mining Enterprises Inc. ("Globex") with the intention of acquiring and developing properties located in the Chibougamau Mining District of Québec. It is focused on reviving production in the Chibougamau gold-copper mining camp.

On September 10, 2012, Globex and CIM entered into an Arrangement which resulted in the reorganization of the Corporation's capital and the receipt of cash and cash equivalents, certain investments held by Globex as well as the transfer of ten properties from Globex to CIM. Under a Plan of Arrangement, effective December 29, 2012, ten properties were transferred from Globex to CIM subject to a 3% Gross Metal Royalty ("GMR") in favour of Globex. On October 3, 2016, Globex announced that the 3% GMR on a number of claims related to the Mont Sorcier project had been reduced to 1%, but extended to claims acquired by CIM in 2016 and therefore applicable to the entire historical mineral deposit.

The Corporation's head office and principal business offices are located at 86, 14th Street, Rouyn-Noranda, Québec, J9X 2J1.

The CIM shares trade on the TSX Venture Exchange ("TSXV") under the symbol CBG, on the Stuttgart and Frankfurt exchanges under the symbol CLL1, as well as on the OTC Markets (USA) under the symbol CMAUF.

In March 2020, the World Health Organization declared coronavirus (COVID-19) a global pandemic. This contagious disease outbreak, which has continued to spread, has adversely affected workforces, economies, and financial markets globally, leading to an economic downturn. The duration and full financial effect of the COVID-19 pandemic is unknown at this time, as are the measures taken by governments, companies and others to attempt to reduce the spread of COVID-19. Any estimate of the length and severity of these developments is therefore subject to significant uncertainty, and accordingly estimates of the extent to which the COVID-19 may materially and adversely affect the Corporation's operations, financial results and condition in future periods are also subject to significant uncertainty, including potential restrictions on exploration and development sites access and supply chains disruptions that could delay the exploration and development plans of the properties of the Corporation.

2. Basis of Presentation

Statement of Compliance

The Corporation applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretation issued by the IFRS Interpretation Committee. These unaudited condensed interim financial statements have been prepared by management in accordance with IAS 34 - Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB.

The preparation of unaudited condensed interim financial statements in accordance with IAS 34, requires the use of certain critical judgments, estimates and assumptions that effect the applications of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied in the audited financial statements as at and for the year ended December 31, 2021.

2. Basis of Presentation (Continued)

Basis of Presentation and Going Concern

These unaudited condensed interim financial statements were prepared on a going concern basis, under the historical cost basis, except for certain assets that are measured at fair value through profit and loss as indicated in note 3 of the Corporation's audited financial statements for the year ended December 31, 2021. All financial information is presented in Canadian dollars.

Since its incorporation, the Corporation has accumulated a deficit of \$11,387,589 (December 31, 2021 - \$11,047,126) and during the nine months ended September 30, 2022, incurred a net loss and comprehensive loss of \$340,463 and cash used in operations of \$385,495. The Corporation's ability to continue as a going concern depends on its ability to realize its assets and to obtain additional financing. While it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. The above factors indicate a material uncertainty that casts significant doubt as to the Corporation's ability to continue as a going concern.

CIM is in the exploration stage and is subject to the risks and challenges particular to companies at this stage. There is no assurance that CIM's projects will be successful. As a result, there is uncertainty regarding CIM's ability to continue to operate as a going concern. The Corporation's continuing operations are dependent on the ability to secure adequate financing, the discovery of economically-recoverable mineral reserves, securing and maintaining title or beneficial interests in the mining properties and on future profitable production or proceeds from the disposition of mineral property interests.

These unaudited condensed interim financial statements have been prepared on a going-concern basis which contemplates that the Corporation will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. This assumption is based on the current net assets of the Corporation and management's current operating plans.

These unaudited condensed interim financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported amounts of revenues and expenses and the classification of statement of financial position items if the going concern assumption was deemed inappropriate. Management did not take these adjustments into account as it believes in the validity of the going concern assumption.

Approval of Financial Statements

The Corporation's Board of Directors approved these unaudited condensed interim financial statements on November 28, 2022.

3. Summary of Significant Accounting Policies

These unaudited condensed interim financial statements have been prepared using the same accounting policies and methods of computation as compared with the most recent annual financial statements (note 3) of the Corporation's audited financial statements for the year ended December 31, 2021.

The disclosure contained in these unaudited condensed interim financial statements does not include all the requirements in IAS 1 - Presentation of Financial Statements. Accordingly, these unaudited condensed interim financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2021.

14. Related Party Information

a) Related party payables

	September 30, 2022	December 31, 2021
Globex	\$ -	\$ 16,840

The Corporation is considered a related party with Globex as management consisting of the President and Director, who hold the same positions with both entities. In addition, the President and Chief Executive Officer ("CEO") holds a large number of common shares of both organizations through Jack Stoch Geoconsultant Services Limited, a company controlled by the President and CEO, and therefore can significantly influence the operations of both entities. The amount payable bears no interest, is without specific terms of repayment and is unsecured.

b) Management services

On December 29, 2012, CIM entered into a Management Services Agreement with Globex under which the Corporation would receive management services including administrative, compliance, corporate secretarial, risk management support and advisory services.

	Three months ended September 30, 2022		September 30, 2021		Nine months ended September 30, 2022		September 30, 2021

16. Commitments and Contingencies

At period-end, the Corporation has a commitment to incur qualified exploration expenditures to meet its flow-through obligations as described in note 8 and has no other outstanding commitments outside the normal course of the business. Pursuant to the terms of flow-through share agreement, the Corporation is in the process of complying with its flow-through contractual obligations to subscribers with respect to the Income Tax Act (Canada) requirements for flow-through shares. As of September 30, 2022, the Corporation was committed to incurring approximately \$599,000 in Canadian Exploration Expenditures (as such term is defined in the Income Tax Act (Canada)) by December 31, 2022 arising from the flow-through offerings.

The Corporation's operations are subject to governmental laws and regulations regarding environmental protection. The environmental consequences are difficult to identify and it is also a challenge to anticipate the impacts of deadlines.

At the period-end, management believes to the best of its knowledge that CIM is in conformity with all applicable laws and regulations. Restoration costs, if any, will be accrued in the unaudited condensed interim financial statements and reflected in the unaudited condensed interim statement of loss and comprehensive loss, if and when they can be reasonably estimated.
